KHOLIKOV TIMURBEK

OIL AND GAS ENGINEER

CONTACT

+998 90 811 50 59

holikovtimurbek@gmail.com

Bukhara, Uzbekistan

SKILLS

- Production Optimization & Well Analysis
- Reservoir Engineering
- Equipment Maintenance & Troubleshooting
- Data Analysis & Technical Reporting
- Petroleum Software: AutoTechnolog, RodStar
- Programming: Python (Basic), MATLAB (Basic)
- Project Management & Team Coordination
- Technical Report Writing & Documentation
- Problem-Solving & Critical Thinking

LANGUAGES

- Uzbek – Native
- Russian – Fluent
- English – Intermediate (B1)

PROFILE

Petroleum Engineer with experience in oil and gas extraction, production optimization, and field operations. Skilled in analyzing production data, implementing innovative solutions, and ensuring operational efficiency. Winner of the "Best in Profession" competition and an active member of the LUKOIL Young Specialists Council.

WORK EXPERIENCE

Oil & Gas Production Operator 05.01.2025 - PRESENT
LUKOIL Uzbekistan Operating Company

- Supervised oil and gas extraction processes ensuring optimal production levels.
- Performed maintenance and troubleshooting of field equipment.
- Conducted well testing and data analysis to identify performance bottlenecks

Lead Production Engineer 22.01.2024 - 22.01.2025
Sanoat Energetika Guruhi (SANEG)

- Development and implementation of geological and technical measures to optimize oil production.
- Monitoring and analyzing well performance to improve efficiency.
- Coordination with field teams for production enhancement.

Oil & Gas Production Operator 01.08.2023 - 22.01.2024
Sanoat Energetika Guruhi (SANEG)

- Supervised oil and gas extraction processes ensuring optimal production levels.
- Performed maintenance and troubleshooting of field equipment.
- Conducted well testing and data analysis to identify performance bottlenecks

Laboratory Technician 03.09.2021 - 15.11.2022
Gubkin Russian State University (Tashkent Branch)

- Conducted laboratory analyses, testing, and measurements related to petroleum research.
- Assisted in data collection, sample preparation, and equipment calibration for experiments.
- Ensured proper maintenance and functionality of laboratory equipment.
- Participated in research projects, compiling technical reports on findings

EDUCATION

Bachelor's Degree 2019 - 2023
Gubkin Russian State University of Oil and Gas (Tashkent Branch)
Faculty: Oil and Gas Business
Direction: Operation and maintenance of oil production facilities
GPA: 4.2 / 5.0

Technical Specialist in Automotive Maintenance 2015 - 2018
Vobkent Agricultural College
GPA: 5.0 / 5.0

CERTIFICATIONS & ACHIEVEMENTS

Advanced Well Performance Analysis – Training on production optimization and well diagnostics.

Artificial Lift Systems Training – Specialized course on ESP, gas lift, and rod pumping systems.

HSE (Health, Safety, and Environment) Certification – Safety procedures in oil & gas operations.

Technical Workshop on Oilfield Digitalization – Application of AI and machine learning in petroleum engineering.

PROFESSIONAL DEVELOPMENT

Winner of "Best in Profession" Competition (2023)

Member of the LUKOIL Young Specialists Council

Certified Oil & Gas Production Specialist – Practical training on field operations and process optimization.

Advanced ESP (Electric Submersible Pump) System Training – Deep knowledge of ESP selection, maintenance, and troubleshooting.

Certified Drilling Fluids Specialist – Training on wellbore stability and drilling fluid engineering.

Oil & Gas Equipment Reliability and Maintenance Certification – Focus on predictive maintenance and failure prevention.

FINAL STATEMENT

I am eager to apply my expertise and experience to new challenges in the oil and gas industry. Open to opportunities that allow me to contribute to innovative projects and enhance operational efficiency. Let's connect!
